Boston College was founded by the Society of Jesus in 1863, and is one of twenty-eight Jesuit colleges and universities in the United States. With three teachers and twenty-two students, the school opened its doors on September 5, 1864. At the outset and for more than seven decades of its first century, the college remained an exclusively liberal arts institution with emphasis on the Greek and Latin classics, English and modern languages and with more attention to philosophy than to the physical or social sciences. Religion

degree and fifteen master's degrees on women through the Extension Division, the precursor of the Graduate School of Arts and Sciences, the Evening College, and the Summer Session. By 1970 all undergraduate programs had become coeducational. Today women students comprise more than half of the University's enrollment.

In 1996 the Evening College became the College of Advancing Studies, offering a master's degree as well as the bachelor's degree. The university's longest presidency, 24 years, came to an end when Father J. Donald Monan became chancellor and was succeeded in the presidency by Father William P. Leahy.

In 1997, Father Leahy announced the implementation plan for Advancing the Legacy, BC's \$260 million five year investment to strengthen education, reaffirm its Jesuit and Catholic mission, increase research and improve the quality of student life.

The Libraries migrated to a new Web based state of the art integrated library system in June 2000. This new system is a flexible and open system with transparent interface to other systems and databases which allows for easy resource sharing capabilities. It provides expanded access to the Libraries' collections, databases, and services. The new system provides a variety of methods for searching the Boston College online catalog which includes books, periodicals, media materials, microforms, newspapers, and links to electronic materials at [www.bc.edu/quest](http://www.bc.edu/quest). QUEST can easily be searched from any Web browser regardless of platform or location, 24 hours a day, seven days a week. Users can interact with the system and receive immediate feedback on the status of requests; they can place a hold, recall, or request rush processing for a new book right from their desktop. Users can also initiate and track requests for document delivery and interlibrary loan transactions, and may renew materials that are currently charged to them. The Web interface and expanded cataloging capabilities allow unprecedented access to over 183 Web accessible databases, to full text journals, and to digital collections such as the Liturgy and Life Collection of the John J. Burns Library.

The Boston College Libraries offer access to hundreds of databases via the Web and in CD-ROM format. A growing number of these databases and journals provide full text access directly to the researcher's desktop. A complete listing of all online databases available through the Libraries can be found by selecting Online Databases on the Resources menu of the Libraries home page: [www.bc.edu/libraries.html](http://www.bc.edu/libraries.html). The database list includes groupings by subject and an alphabetical listing

The University's special collections, including the University's Archives, are housed in the magnificently appointed Honorable John J. Burns Library, located in the Bapst Library Building, north entrance. These distinguished and varied collections speak eloquently of the University's commitment to the preservation and dissemination of human knowledge. The Burns Library is home to more than one hundred thousand volumes, some twelve million manuscripts, and important collections of architectural records, maps, art works, photographs, films, prints, artifacts, and ephemera. These materials are housed in the climate-controlled, secure environment of Burns either because of their rarity or because of their importance as part of a special collection. While treated with special care, these resources are available for use at Burns to all qualified students, faculty, and researchers. Indeed, their use is strongly encouraged, and visitors to Burns are always welcome, either simply to browse or to make use of the collections.

Though its collections cover virtually the entire spectrum of human knowledge, the Burns Library has achieved international recognition in several specific areas of research, most notably: Irish studies; British Catholic authors; Jesuitana; fine print; Catholic liturgy and life in America, 1925-1975; Boston history; Caribbeana; Balkan studies; and Congressional archives. It has also won acclaim for significant holdings on nursing, detective fiction, Thomas Merton, Japanese prints, Colonial and early Republic Protestantism, and banking.

Some of the significant collections at Burns include:

The Aylesford Press Collection

Banking Archives: Hibernia Savings Bank, Union Warren, The Provident Institution for Savings, the Yankee Bank for Finance and Savings, and the Savings Banks Association of Massachusetts

Samuel Beckett Collection

Hilaire Belloc Collection and Archives, 1870-1953

The Academic Development Center (ADC) exists to support and enhance all aspects of academic excellence by helping undergraduates, graduate students, and faculty improve learning quality and teaching effectiveness. The ADC, which opened its doors in September 1991, is located on the second floor of O'Neill Library in the Eileen M. and John M. Connors, Jr. Learning Center.

The ADC is a comprehensive, inclusive resource serving all of the University's students and faculty. To address the needs of the great majority of Boston College students, the Center provides tutoring for more than 60 courses, including calculus, statistics, biology, chemistry, nursing, accounting, and classical and foreign languages. In addition, graduate students in English serve as writing tutors. (All ADC tutors are recommended and approved by their relevant academic departments; most are graduate students, juniors, or seniors.)

The Center offers programs designed to challenge the most academically talented, highest achieving students — as well as programs designed to support those who are least prepared and most academically challenged. One of the ADC's three professional staff members assists students with learning disabilities, helping to ensure their academic success at Boston College.

Tutoring, and all other academic support services, are free of charge to all Boston College students and instructors.

The Center also sponsors seminars, workshops, and discussions for faculty and graduate teaching fellows on strategies for

The Charles S. and Isabella V. McMullen Museum of Art aims to increase understanding of the visual arts, to encourage inquiry, and to enrich learning through the display of a notable permanent collection and special exhibitions of international importance. The Museum occupies two floors of Devlin Hall. Spacious galleries with movable walls provide flexible exhibition spaces that rival venues in larger museums.

Begun in the nineteenth century, the University's permanent collection contains masterpieces that span the history of art from Europe, Asia, and the Americas. Outstanding among them are Gothic and Baroque tapestries, Italian paintings of the sixteenth and seventeenth centuries, American landscape paintings of the nineteenth and early twentieth centuries, and Japanese prints. The collection is displayed on a rotating basis in the Museum's galleries on the ground floor. In keeping with the teaching mission of a university museum, accompanying text explains the significance of each work in its historical context and addresses questions from the current scholarship. The Museum maintains an active special exhibition program, bringing outstanding works from around the world to Chestnut Hill. The Museum also contains a Micro Gallery, an innovative computer system which visitors to the Museum may use to display information and images of works in the permanent collection, as well as photographs of related works. The Museum organizes public lectures, symposia, workshops, film series, and gallery tours in concert with current exhibitions.

## Office of Research Administration

### Highlights of Sponsored Activities during 1999-2000

A total of 292 proposals were submitted in FY2000. The amount of funding requested for the total project period for these proposals was \$71,116,535.

In FY2000, a record was set for the number of award obligations received. There were 283 sponsored project award obligations made in FY2000 for a total of \$31,464,752. The total amount of award obligations received in FY2000 were approximately 5% higher than those received in FY1999. This is an indication of the continued success of Boston College faculty.

Overall, there remains a general upward trend in sponsored project activities at Boston College. There are a greater number of faculty working with the Office of Research Administration to secure external funding from both Federal and non-Federal sponsors.

Head Coach:

*Pete Hughes*

The team advanced to the BIG EAST Championship tournament for just the second time in school history, and the first time since 1991. Hughes captured BIG EAST Coach of the Year honors after guiding his squad to a school-record 35 wins. Senior pitcher Steve Langone set the pace for the nation's hurlers, leading the NCAA with a 1.54 earned-run average. Langone also performed well at the plate, hitting at a .338 clip with seven home runs. Senior second baseman Mike Gambino paced the Eagle offense with a .366 batting average. As a team, the Eagles swept Villanova on April 1 and 2 to earn their first weekend sweep in the BIG EAST in five years. BC also took a double-header from St. John's for the first time in school history.
